

RESPONSIBLE BEHAVIOR ON THE FACTORY PREMISES

We want your visit to not only be informative but also safe. To ensure this, we would like to draw your attention to some rules and regulations. Please read this brochure carefully and comply with the guidelines and codes of conduct.

The current shop floor regulations apply on the factory premises. This contains regulations for occupational health, safety, environmental protection, and fire protection.

Company of the BLANC & FISCHER Family Holding

**ON THE MOVE SAFELY
IN OUR PLANTS!
HOW IT WORKS!**

GUIDELINES AND CODE OF CONDUCT

The statutory safety regulations and accident prevention regulations of the commercial employers' liability insurance association apply on the company premises of the companies of the BLANC & FISCHER Family Holding. The most common markings are listed and explained below. These must be observed at all times.

Wear safety shoes and safety vests on the factory premises, especially in the loading and unloading area.

Observe the warning notices in the triangle highlighted in yellow.

Entering the premises where no work is to be carried out as part of the work order is prohibited! Switching operations on all installations are only permitted

after approval by the person authorized to switch.

Photography and video and film recordings are not permitted. Exceptions must be approved in advance.

Open flames and flammable work (e.g., welding, cutting, grinding, and soldering work) are prohibited. A permit must be applied for and approved for exceptions.

Smoking is strictly prohibited on the factory premises, except for designated locations.

The consumption of alcohol and intoxicants is prohibited on the entire factory premises.

Persons with active or passive medical devices must stay away from installations or areas labeled accordingly.

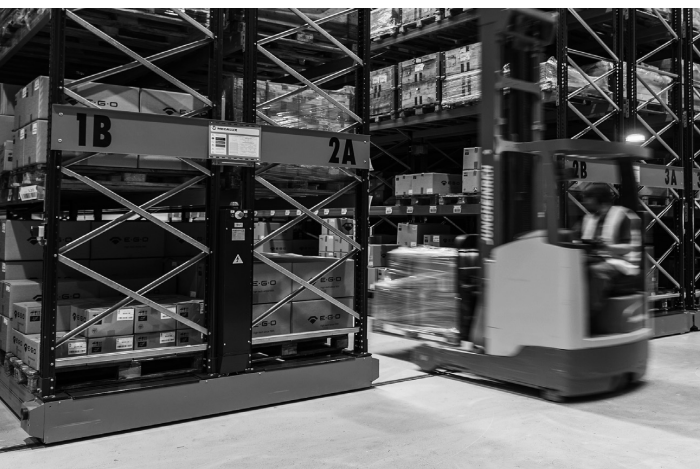

Always pay attention to truck and forklift traffic.

The rules of the road traffic regulations apply to the factory premises. Inform your contact person immediately in the event of an accident.

The statutory provisions for environmental protection apply on the premises of the plant. Dispose of waste in accordance with the packaging ordinance.

“Gate 23” on the E.G.O. factory premises in Oberderdingen

Please proceed as follows when visiting our plants:

- Register at the gate/reception.
- Wear your visitor badge visibly throughout your stay.
- Wait at the gate/reception until you are picked up by your host. At the end of your visit, he will accompany you back.
- Stay on the marked paths for pedestrians.
- Hand in your visitor pass at the gate/reception.

Please note: Personnel and vehicle checks may take place when leaving the plant!

IN EMERGENCIES

 Information on first aid and rules of conduct in the event of a fire can be found on the notices at the nearest escape and rescue plan.

 In case of an alarm, leave the building immediately and go to the assembly point.

**IN CASE OF EMERGENCY,
PLEASE DIAL THE EMERGENCY NUMBER
VALID AT THE LOCATION.**
